2012 National Defense Authorization Act (NDAA) Whitepaper

April 11, 2012

Federal government agencies are facing mandates to improve IT efficiency and offer citizens greater transparency into their operations. Most recently, the 2012 National Defense Authorization Act (NDAA) was signed into law with a section on data centers and servers concerning the IT industry and cloud-hosting providers (Section 2867). It is a call to action for...
