Background:

Kurt is Rapidfire's younger brother. He only got his powers a few months ago. He ran away from home because his increased size makes it impossible to maintain a secret identity. Kelly finds herself forced to take care of him. Kurt is just as reckless as Kelly. He wishes he was as good at wisecracking as her, but he just isn't. He's a HUGE comic fan, and so he tries very hard to be a great superhero.
